City of Twentynine Palms  
Chamber of Commerce

**Re: Pioneer Days Parade and Moderator for the Upcoming Chamber of Commerce City Council Forum Event To Be Held on Thursday, October 26, 2006.**

Board Members:

This letter serves as a request to modify the schedule Moderator for the upcoming event outlined above. Currently I understand that Gary Daingault will again moderate the forum. He revealed a behavior not conducive to a functional political system at the parade this past Saturday.

His behavior involved selectively interviewing only two of the eight candidates during the parade. I attended the parade and was not invited to comment even though I am running for a City council seat. I am not surprised. Favoritism was overtly revealed. I believe this same behavior will be present at your upcoming forum.

The forum must not be biased to any of the candidates. I request that Gary be replaced by another individual. A woman would be a logical choice.

Your forum is extremely important to our community and I thank you for sponsoring it.

Thank you for your time and consideration.

Sincerely,

Mark Clemons
